## PIONEERS MEET WITH DIFFICULTY

City Will Not Allow Use of Basement—Magoffin Site Proposed.

The Pioneers' association is hounded. Plans were drawn for the erection of a typical adobe house in Cleveland square for a permanent museum where the relics of the association might be kept. The city refused to give the necessary ground because of the scarcity of park space in the city.

Another plan was suggested of having the basement of the city hall excavated and made into a large room for the use of the Pioneers' association, where they might have their meetings and display their relics. The plans were drawn for this and \$800 raised by subscription at the annual picnic Tuesday for the work. Then the city decided that the city hall is altogether too small and that all the room there was in the basement was needed for the different departments of the city government. Stung again was the Pioneers' association.

Washington park was suggested as a possible site for the erection of the early El Paso house, but this was thought too far out of the city and too accessible to thieves to make it a desirable place for storing the valuable relics and records of the association.

It has been suggested that a part of the Magoffin homestead site might be obtained from Joseph Magoffin and the building erected there with a view of later obtaining the entire Magoffin block and converting it into Pioneers' park, with the present Magoffin home as one of the museums and the Pioneers' house the other.

The association now has subscriptions for remodeling the city hall basement, but with no basement to remodel. In the meantime the relics are being cared for by the members as best they can in their offices and homes until they may be permanently displayed in some building in El Paso.

## MISTAKEN CHIVALRY CAUSES WOMEN TO DROWN

If They Had Not Been Ordered Off Boat So Soon, All Might Have Been Saved From Death.

St. Louis, Mo., May 13.—Federal investigation of the sinking of the Pack City of St. Louis in the Mississippi river at Glen Park, Mo., with a loss of 12 lives, will begin as soon as the crew of the ill fated vessel arrives here.

That the loss of the lives was due to the mistake of ordering the passengers to hurry from the sinking boat when she was near the shore was the assertion of captain Crane.

"It was a bad mistake," he said. "Had we caused the passengers to wait a minute before trying to cross the gang plank none would have been drowned."

"At the time the order was given, however, no human power could tell that the boat was not going to roll over into the river and drown every soul on board. It is easy to look back and see what we might have done."

Testimony at the inquest showed that the chivalry of the men, who permitted the women passengers to start across the gang plank first, cost the lives of five women and a baby. Captain Harry N. Crane ordered the men to stand aside until the women left the boat.

I was sick so long, that I won the sympathy of my friends, and they all ask me what cured me, for my looks are a testimonial to Cardui. I never fail to praise Cardui, for I can't recommend it too highly. It is a God-send to suffering women."

No matter how serious or long-standing the trouble, Cardui will help you, for it is a tonic remedy, especially adapted to bring relief from womanly ailments.
